5 Years of Gratitude

Everyone for Veterans serves veterans who have deployed to combat or imminent danger areas, are experiencing significant financial hardship, and have limited or no dental insurance. We also provide services to spouses and minor children of eligible veterans, and veterans that have experienced military sexual trauma.

The VA provides dental care exclusively to veterans with a 100% disability rating, former POWs, or those with service-related dental conditions. This leaves millions of veterans living with chronically poor dental health, especially for those of low income and having served in combat. The veterans that we work with are experiencing generational and systemic poverty and often employment barriers due to mental health challenges. They experience higher rates of PTSD, joblessness, homelessness, and suicide. Also, in this population, approx. 90% of our veterans have some form of periodontal disease.

Through our Comprehensive Dental Care and Wingman programs, we are providing vital services to veterans who otherwise could not afford it. The dental services we provide are comprehensive, not one-time urgent care. Our innovative Wingman program mobilizes the civilian community to meet tangible needs in beautiful ways.

Since 2017, E4V has been able to provide support to more than 890 veterans and their family members and our 685 Dental and Wingman volunteers have logged nearly 5,500 hours in service to our nation's heroes, across 34 states. The financial impact that we have had in our communities is even more impressive. Through our volunteer's hands and feet, we have provided nearly \$1.2 million dollars in comprehensive dental care and essential needs.

This year's theme, 5 Years of Gratitude, represents our mission put into movement. Thank you for joining us and celebrating this special anniversary and event. As we look ahead, we are encouraged and inspired to explore even more opportunities for equity and access for the veterans that we serve. The need is great, but together, we can make a difference.

5 Years Serving Those Who Have Served

Everyone for Veterans

How to Get Involved

Partner

Without the funds we receive from individual champions and partnering businesses, we would not be able to continue offering services and support to veterans across the nation. It is our responsibility and honor to serve those who have served.

30% of veterans have disabilities as a result of their service. 22% have been diagnosed with a Depressive Disorder. 30% of those who served in combat are dealing with PTSD. Over 48,000 vets are homeless and hundreds of thousands are at risk of experiencing homelessness.

Combat veterans have often described returning to civilian life as more difficult than combat itself. Your support will provide critical funding to our programs that aid veterans and their families in your local community and across the nation.
