This year has brought many unique challenges for our veterans, staff, volunteers, and providers. Even in the midst of ever-evolving circumstances, we received over $122,858.00 in in-kind services for veterans across the nation. Thank you for your support and partnership.

**National Impact**

- 34 States with E4V partnering dentists
- 32 States where veterans have been served
- States without E4V partnering dentists

**2020 Dental Survey Responses**

"As a veteran, I feel that you have exceeded my dental needs, it would be difficult to improve."
"I smile a lot more and can eat a lot of things that I was giving up because I could not chew."
"If it wasn’t for the dentist, I wouldn’t have been able to afford to get this work done."

"I can not put into words how incredibly happy I am right now. I find myself smiling a big full smile and do not feel embarrassed. I am talking more and holding my head high while doing it because my self confidence has started returning an incredible amount and it is all thanks to the amazing work E4V does."

-Iraq War Veteran, Jason Brink

**Financial Support**

- Individuals 63.1%
- Grants 32.1%
- Business Partners 4.7%

E4V’s average overhead for 2020 was 10%. National best practice standards for nonprofit overhead are between 15% - 35%.

**130 Served**

51% Veterans 49% Spouse and Children

27 veterans and 5 spouses received comprehensive dental treatment averaging $3,608.00 each.
The VA and government-lead programs assist veterans in many ways, but they are not able to do it all. It is our responsibility and our honor to give back to those who have served. We collaborate with civilians and professionals to provide free comprehensive dental care, and other services and goods to veterans and their spouses through our programs.

Here is how you can get involved today:

**Partner:** Your financial support provides help and hope for combat veterans in need. Without the funds we receive from individual champions and partnering businesses, we would not be able to continue offering services and supports to veterans across the nation. Change lives with your gift, donate today.

**Volunteer:** Our volunteers play a crucial role in building better communities and supporting veterans. E4V facilitates opportunities for you to support veterans in practical ways.

**Join:** Our Board of Directors and Ambassador Board are actively looking for new members to join our work of E4V and help advance our mission.

"I received my new mattress yesterday. I would just like to thank everyone that made that possible. The Costco representatives were professional and set it up in my bedroom. Thank you so much for this blessing. Hopefully I can pay it forward someday to someone in need."

-Iraq War Veteran, Danielle Davis
A Message from our founder, Dr. Theresa Cheng

2020 was a year to remember for everyone, I'm sure. E4V is no exception. In adhering to our commitment to improve veterans' lives, E4V was able to prevail over the challenges and pulled through with a great year overall. When the shutdown happened, I was immediately worried about our veterans who were struggling financially to start with. E4V raised funds for immediate food relieve and was able to send needed food to veterans who requested them.

Dental offices around the country were shut down so E4V could not connect veterans for dental care for 2 months. I am happy to report that all participating dentists hung in there with us and subsequently took care of veterans after their offices opened up.

We not only continued processing applications, but moved forward in strengthening our programs, serving significantly more veterans with help from the community. We formed a collaboration with VOSH to provide optometry care, developed the Wingman Volunteer Training Program, and established a partnership with University of Washington School of Dentistry.

Volunteers jumped in and improved veterans lives, making calls, implementing technology and digital marketing to help the organization. Our Board grew and the virtual Board retreat was outstanding.

This challenging time brings more into focus the vulnerability of our combat veterans who struggle financially, and E4V is even more dedicated to the urgency of the community to serve those who served.

With gratitude to all who improve veterans’ lives,

Theresa Cheng, DDS

Mission Accomplished: Raymond's Story

Raymond is 92 year old Army Combat Veteran. He was deployed to Korea for 1 year as an Infantryman and served on the front lines during his entire tour of duty.

Returning stateside, he went into the Army Reserves for 5 years. After getting out of the service, he worked on cars at a Pontiac dealership. He had polio in '55 and wasn't able to work for a while as he recovered from the disease. Eventually, he went back into mechanics. Raymond was a single parent to four children for many years. His three daughters and one son are all grown now and living in Iowa. They are close family and he is the proud grandpa to multiple grandchildren and great-grandchildren.

When Raymond came to Everyone for Veterans, he hadn't had a dental cleaning in over 20 years. He would need extensive comprehensive treatment, multiple extractions, and dentures. A student at the University of Iowa College of Dentistry extracted all teeth that needed to be removed, cleaned his remaining teeth, and made a partial upper and partial lower denture for him. Raymond can now eat whatever he would like without pain and smiles confidently! The process of working with E4V and the U of I School of Dentistry has truly changed Raymond's life for the better.

We are grateful for the opportunity to work alongside such compassionate and caring dentists and volunteers who are investing in the lives of our nation's combat veterans.
